

Joint Privacy Notice for Hampshire and Isle of Wight COVID-19 Testing Programme

Who we are

The Department of Health and Social Care (DHSC) has appointed University Hospital Southampton NHS Foundation Trust (“UHS”) to establish a sub-regional COVID-19 direct RT-LAMP saliva testing hub and to enable the carrying out of the Covid-19 direct RT-LAMP saliva testing in schools, colleges and universities in the region, UHS and the schools, colleges and universities are required to share limited categories of personal data for the COVID-19 testing programme (‘the Programme’).

This Privacy Notice explains how personal data (information about you or your child) collected as part of this Programme will be processed (collected, stored, used, and destroyed).

The testing is being taken forward jointly by several organisations and means at different points in the process, different organisations will be processing your/your child’s personal data. All processing of personal data is being done in compliance with data protection legislation. Each organisation will require a different level of information about you/your child, but all will use the minimum necessary to do what they are required to deliver their part of the Programme.

The organisations taking part are:

- The NHS (including University Hospital Southampton NHS Foundation Trust Southampton Primary Care Limited, Southampton City Clinical Commissioning Group)
- NHS Test and Trace and the local Health Protection Team
- Southampton City Council
- University of Southampton
- Schools
- Colleges
- Universities

- phone you to gather feedback to inform improvements that could be made to a full end-to-end testing process

Where is my personal data stored?

Your/your child's data will be stored within the United Kingdom.

Is my personal data kept private and secure?

We have legal duties to keep information about you confidential. Strict rules apply to keep your information safe and comply with Data Protection Act 2018, the UK General Data Protection Regulation (GDPR) and organisational Data Protection policies.

The NHS database used to store your/your child's personal data linked with your health data is held securely on NHS servers and access to this information is tightly governed, in line with Data Protection requirements.

How long will my personal data be kept?

The information on positive results held by schools will be kept for no longer than is necessary to take the necessary steps to initiate contact tracing within the School or University to minimise the spread of the virus.

The information processed by the NHS is kept for as long as it is required to provide you with direct care and to support NHS initiatives to fight COVID-19. Information

held for direct care purposes are stored in line with the Records Management Code of Practice for Health and Social Care 2016. This means such information will be held for up to 8 years before it is deleted.

Any personal data gathered as part of this Programme for other purposes will be deleted at the end of the Programme.

What are my rights?

By law, you have a number of rights under data protection legislation, this testing programme does not take away or reduce these rights. You have the right to contact the us to ask for the following:

- to be informed about the data held about you
- to access the data held about you
- to have the data held about you edited or updated where it is inaccurate or incomplete
- to request that data held about you be erased
- to request that the use of your data be restricted
- to object to the use of your data

Further information about your data protection rights appears on the Information Commissioner's website at:
