

# YV9 - ART EXPLORATIONS

20.04.20 - 01.05.20

**You will be able to create personal responses to each activity.  
I'd like to use your imagination and think creatively.**

Take photographs of your work and email them to me  
[ssumner@stgcc.co.uk](mailto:ssumner@stgcc.co.uk) - I'd love to receive them!

The films you watch you could respond to them in some creative way -  
mindmap, find images that relate to the information you have seen or  
even have a go yourself (Bob Ross painting!!)

# POST ART

Some of your neighbours and/or family may feel very lonely at the moment or you may not be able to contact your friends all the time....This is a fun way to tell someone about yourself and maybe exchange drawings or small things through the post.

How do I do it??? See 

**HOW TO PLAY**  
The first person begins by writing down one or more requests - then they mail them to the other participant who, in turn, completes the request, writes some of their own & sends it back repeat to infinitum :-)

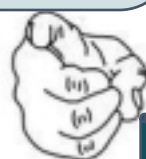

**WHAT IS 'Mail Tag'?**  
MAIL TAG is a FUN way to get to know someone better. It revolves around an exchange of POSTAL correspondence

Interpret requests CREATIVELY & make as many requests as you like

# POST ART

Steps to success.

I am setting you the challenge of illustrating some mail to send through the post or post to a friend or neighbour.

You will show tone and colour blending within your piece.

You should use tone and could add colour if you wish.

You must select 1 theme to illustrate your envelope or postcard.

Take a photograph of the work and email it to me.... Remember to include your full name and art class in the email.
