

Parking Regulations

Where to park:

- The hirer and its visitors must at all times park in the marked bays.
- The college has an overflow carpark for busy periods; this can be found by driving around the right side of the building - turn left at the end and into the college playground. We ask that drivers be considerate when parking their vehicles here as not to block others in.

Where not to park:

- Please do not park your vehicle/s on any of the grassed areas or verges.
- Do not park on the service road leading into the college.
- Do not park on the service road that leads to the G3 / sporting facilities.
- These areas should to be clear at all times to ensure that the emergency services have access to the G3 and all sporting facilities should someone be injured.

These parking regulations form part of your Terms & Conditions of hire.
Failure to comply could result in your future bookings being cancelled.

Regards
